T&D Software

Hi, my name is Tom Dykema, owner of T&D Subscription Software. T&D has been in business over eight years, producing some of the finest software at an affordable price. We now have over 940 original programs for the Color Computer.

Our subscribers receive ten new programs each month, and we have been including some great Tom Mix games on our latest issues! We are offering our back issues to you at low, low, prices

We've also just converted 250 Macintosh quality pictures for the Color Computer. Each set comes with an excellent Graphics Editor.

Another product at T&D is **Public Domain Software.** We have acquired over 1,000 public domain programs including the latest from bulletin boards, etc. We sorted the best from the rest and now have available 630 games, utilities, graphics, adventures, education, home management, telecommunications, and music programs ...NO JUNK!

Check us out! You'll be glad you did!

Sincerely,

Tom Dykema

Tom Dykema

P.S. Send for our catalog of software for the IBM (over 350 disks) or Commodore (50 disks).

ASTRO DODGE	Use the keyboard to maneuver your space cadet thru asteroids
DR. COCO	Perform various medical and health measurements
PEG JUMP	Try to solve this graphics puzzle and only leave one peg left
MORSE CODE	If you ever wanted to learn morse code, then this ones for you
PURGE UTILITY	Kill many files from a diskette with the touch of a key

ISSUE #14 AUGUST 1983

MYSTERY COVER	Follow the Coco Robot as he searches for his missing friend
ROWBOAT	Row your boat up the river avoiding the logs
COMPUTER TUTL PT 1	This computer series deals with general abbreviations for systems.
INDEX DATABASE	Keep track of your books, magazines and video tapes
DISK ZAPPER	This disk utility will help you repair crashed disks
COCO-MONITOR	This utility is a great aid for when writing ML programs
COCO-ARTIST	Create, save, load, and display graphic art on the Coco.
ROBOT COMMAND	Destroy all of the invading robots before they get you
TEXT SCREEN PRINT	Use this utility to print the text screen to the printer
HIGH RESOLUTION TEXT	Now you can have standard text characters in the hires

ISSUE #13 JULY 1983

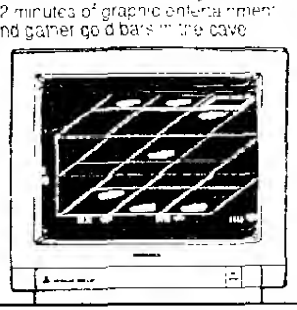
THIRTEENTH COVER	Relive some of the Coco Robots adventures on his 1st birthday
FLASHCARD	Bold, colorful characters are used to lure children to learn
ICE BLOCK	Push ice blocks into snow monsters with the penguin
COSMIC FORTRESS	Battle the evil space fortress while trying to avoid the bubbles
MAIL LIST	Store over 2500 names and addresses per diskette. Many features.
DOLLAR & CENTS	This program highlights the amortization method for loans
ML TUTORIAL PT.8	Several ROM routines are detailed on this instalment on ML
SDSK COPY	Single disk drive owners are able to copy single files
MUSIC SYNTHESIZER	Enter a rhythm pattern and play notes on the keyboard
CRAWLER	Stop the descending snake before he reaches your level

ISSUE #12 JUNE 1983

TWELFTH COVER	Get the inside look into summer fun with the Coco Robot
SHOOTING GALLERY	Take aim at bears, rabbits and ducks in this colorful game.
BOMB STOPPER	Shoot the bombs dropped from the Alien ship
VALLEY	Blow up the enemies' command center with your rockets and bombs
STARFIGHTER	Protect your part of the galaxy from invading aliens.
WHEEL OF FORTUNE	Up to four people compete in this TV game show like game
ML TUTORIAL PT.7	This installment discusses linking of basic and ML programs
MERGE	This utility will append a ML program to your Basic program.
RAM TEST	This utility will test every bit of every byte of RAM
LANDER	This ML game involves landing your ship on a platform

ISSUE #11 MAY 1983

ELEVENTH COVER	Help our fearless Coco Robot find his way thru the castle
ARCHERY	Hit the target with your arrows, but watch out for strong wind
FROG JUMP	Move your frog thru 3 lanes of traffic and over turtles. Fast!
ML TUTORIAL PT 6	This covers the PSEUDO operations of an assembler
MLT DICTIONARY	Use this program to quickly find definitions of ML terms
BASIC SPEED UP TUT	Use these handy hints to increase speed of your basic programs
METRIC CONVERTOR	This program will convert Metric to English and visa versa
GRAPHIC QUAD ANTENNA	Design a two element quad beam antenna for use by CB or HAM
GRAPHICS PROGRAM	This program provides 5 1/2 minutes of graphic entertainment
CATERPILLAR CAVE	Avoid the killer caterpillar and gather gold bars in the cave



·BACK ISSUES·
TAPE OR DISK
$4.50/EA IN LOTS OF 11 OR MORE

T&D Software

ISSUE #10 APRIL 1983

TENTH COVER	Learn a few hints for care and preventive maint. for your coco
PYRAMID OF DANGER	Try not to fall off the pyramid as you avoid the falling rocks
TYPING TUTOR	Learn at your own speed with various exercises in typing
ML TUTORIAL PT 5	This part on ML programming covers the instruction set - 6809
TINYCALC	Perform what if projections with this spreadsheet type program
STOCK MARKET COMP	Keep track of your investments in this stock market program
YAHTHOO	Use strategy to get high score values and win a race
ATTACK	Defend your cities from incoming missiles
SCRLEN PRINT	Copy the high resolution graphic screen to your printer
BRKPONG	This super fast game is a combination of Break Away and Pong.

ISSUE #9 MARCH 1983

TIME MACHINE COVER	Travel thru time for a brief history of the computer.
TRIG DEMO	This program produces 3-D graphic pictures
PYRAMID OF CHLOPS	The anthropologist must avoid the mummy and escape
PROGRAM PACKER	Save memory by removing spaces and rem statements
BUDGET	Create your own personalized budget to control your expenses
ELECTRONIC DATEBOOK	Never miss another appointment with this computer reminder
ML TUTORIAL PT 4	This part deals with branch instructions and condition codes
TAPE DIRECTORY	Place a directory in front of your tapes for a quick reference
BLOCK-STR	Armed with your trusty laser cannon, you must defend yourself
COCO ADDING MACHINE	Turn your color computer into a sophisticated adding machine

ISSUE #8 FEBRUARY 1983

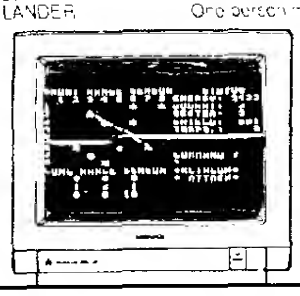
COVER 8	Watch as our Coco Robot receives his true valentine
DEFEND	Shoot down the attacking alien ships before they get you.
3 DIMENSIONAL MAZE	In this game, you see the maze as if you were in it
COCO CONCENTRATION	Try to make a match and get more clues to win
AUTOMATIC LINE #	This utility makes it easier for typing in programs
ML TUTORIAL PT 3A	This part deals with assembly language and addressing modes
ML TUTORIAL PT 3B	This is the second part of machine language tutorial Pt 3
NUCLEAR POWER PLANT	You are in charge of a Nuclear Power Plant
DUAL	You must shoot through the moving barrier and hit your opponent
BRICKS	Knock the bricks away and beat the high score

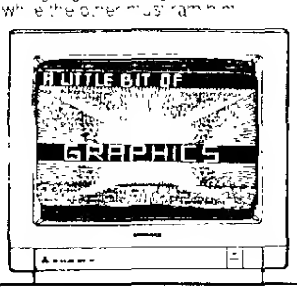
ISSUE #7 JANUARY 1983

NEW YEARS COVER	Watch our hero try to win over his girlfriend
LLIST	Make your program listings easier to read with this utility
SUPER PRECISION DIV.	You can do divisions with up to 1000 decimal places.
DIFFUSE	You must locate and diffuse the bomb in this game
SPACE STATION	Defend your space station from hostile ships.
ML TUTORIAL PT 2	This program explains the binary and hexadecimal number systems
SHOOT OUT	Two gunfighters battle it out in the desert
FND UTILITY	Helps you locate a string in any basic program
CYBORG INS	High resolution instructions for 'CYBORG'
CYBORG	Creates various faces by selecting different features and colors.

ISSUE #6 DECEMBER 1982

CHRISTMAS COVER	A little boy receives his favorite present on Christmas
RAINDROPS	A beautiful 4 voice musical song with a light show
STOCK MARKET	Try your luck with this stock market simulation
ADVANCED PONG	Using two paddles and a moveable wall, try to knock down 1000's
DESTROY	Your ship goes battle against four submarines
SOUND ANALYZER	A bar graph or a dancing snowman jumps to the beat
CREATIVITY TEST	100 questions are asked to determine how creative you are
VOICE	Let the computer speak by entering your own voice data
ML TUTORIAL PT 1	Your first step to learning machine language. ML programs included
LOONY LANDER	One person must land his rocket with the other must ram him





2490 Miles Standish Dr., Holland, MI. 49424 (616) 399-9648

ISSUE #5 NOVEMBER 1982

CATA. OG COVER	Uses graphics to show catalog of our first five issues.
BOWLING	Up to 4 players can play this graphic bowling game
PROGRAM INVENTORY	Organize your programs to find them instantly. Requires disk
PROMISSORY-LOANS	Computes the amount of payments for a promissory note or a loan
CHECKBOOK BALANCER	Let your computer balance your checkbook
TRIGONOMETRY TUTOR	Covers the functions and laws. Includes problems and exercises
CONVOY	Fight it out with the computer with this battleship-type game
BAG-IT	Try to remember the items in each bag. Up to six players
SPECTRA SOUND	Insert your favorite music and watch the light show
CONVEYOR BELT	Get across the moving belts without getting hit. Superfast!

ISSUE #4 OCTOBER 1982

UFO RESCUE	See our mascot outwit the UFO invaders
TANK BATTLE	Destroy your opponent's tanks. Real graphics requiring joys
DRIVEWAY	Drive your car through a 25 lane obstacle course
SOUNDS	Repeat the same sound and color sequence the computer makes
BALLOON DROP	You are standing on a bridge dropping water balloons on cars
MIND BOGGLE	Try to break the computer's code in this brain teaser
COCO TERRESTRIAL	Search for your Alien friend in this graphic adventure
CALORIE COUNTER	This program helps you to count calories and tells you values.
JACK-O-LANTERN	Talk into a microphone and watch Jack talk, disappear and more

ISSUE #3 SEPTEMBER 1982

UFOCOVER PT.2	See our mascot prepare to defend earth from destruction
BASKETBALL	One-on-one real time action played with joysticks
CHUCK LUCK	Try your luck with the dice.
SLOT MACHINE	Try to hit the jackpot with this famed one armed-bandit
ALPHABETIZER	Create, save, load and alphabetize a list of objects or people.

Public Domain Software

T&D SOFTWARE

ADVENTURES 1

CIA	Recover a ruby used in top secret government projects
DEPTHSHIP	Can you get out of the death ship in this adventure?
GARGOYLE	Avoid the Gargoyle in this exciting adventure
KINGDOM	Sift through the clues to save your kingdom
KINGTUT	You find yourself outside the pyramid in this adventure
ODEYSEY	Don't get sucked into space in this space text adventure
SUB	In this adventure you find yourself inside a nuclear sub
WEREWAND	You are the wanderer and must avoid the werewolves
WILLSADV	Find and bring home the famous golden horse shoe.

ADVENTURES 2

ANDREA	Dive down to the sunken Andrea Doria retrieve the treasure
CURSE	Find the treasure of Pharoah's curse in this adventure
GOSTSHIP	Try to find the treasure of the ghostship
HOGJOWL	Welcome to the adventure of Hogjowl mansion
ICEWAR	Watch out for the Alien in this adventure.
QUEST	Find the missing treasure lost in the woods.
SORCERER	This adventure takes place in the Sorcerer's Castle
SURVIVAL	You have crash landed on the moon in this adventure.
THEGEN	Create an adventure with this adventure generator

EDUCATION 1

AANDAN	Learn how to use 'A' and 'AN'
ABBREV	Quiz yourself on abbreviations with this program.
ABCPOP	Pop the correct letter balloon while you learn
ALPHABET	Small children can learn more about the alphabet.
ANIMALS	Name the missing animal out of the word
CLOCK	Help your children learn how to tell time
FACTORS	A good educational fun game to learn factors of numbers
FLASH	Young children can learn how to spell words in a sentence
SPELWORD	A nice program to help you spell.
STATECAP	Test your knowledge of state capitals with this quiz.
STATES	A nice educational learn the U.S.A States program
WHATZIT	Figure out the correct word in the scrambled words

EDUCATION 2

AREA	A great geometry quiz/instructional program.
BIBLE	Test your knowledge of Biblical events, places and persons.
GEOGAME	A nice graphic quiz on states and their capitals.
GRAPHTUT	Show how the graph of Y+X varies as the coef. of x varies
MEMORY	This program will help you build up your memory the fun way
QUADSOLV	Solve and graph quadratic equations
SIMEQN	Solve algebra problems with this equation checker.
SKELQUIZ	This program quizzes you on the bones in your body.
SPEDMATH	Test your skill and speed of basic math facts
TRIG	Explains/illustrates some concepts of trigonometry.
VALENCE	An educational program on Valences on Elements
WORLD	This program is a quiz on capitals of countries.

EDUCATION 3

COMPSC1	Learn more about the computer commands Pt 1
COMPSC2	Learn more about the computer commands Pt 2
COMPSC3	Learn more about the computer commands. Pt.2
COMPSC4	Learn more about the computer commands Pt 4
COMPSC5	Learn more about the computer commands Pt 5
COMPSC6	Learn more about the computer commands Pt 6
COMPSC7	Learn more about the computer commands Pt 7
COMPSC8	Learn more about the computer commands Pt 8
COMPSC9	Learn more about the computer commands Pt 9
EXTENSLD	Graphic demonstration between extended and non extended
IFTHEN	If then are just some of the commands you will learn

EDUCATION 4

GUESS	Learn about Aristotle in this graphic series of 5 programs

GAMES 1

3DTICTAC	Excellent 3 dimensional tic tac toe against the computer
BLACKBOX	Find out where the computer hides the rays in the Blackbox
CARRACE	Don't blow your engine in this car racing game
GEOGRAPH	Use your knowledge of geography to win this game.
HORSES	Place your bet and try to win in this racing game
MISSILE	Protect your 3 cities from the oncoming missiles
POKER	Play 5 card draw against the computer in this betting game
ROBODICE	A multiplayer animated dice game
STARTREK	A very interesting confrontation with the Klingons
TOWERS	Transfer all of the colored discs in this challenging game
TYCOON	Can you succeed in this game of business strategy?
WIGWORM	Great graphics make this Centipede game fun to play.

GAMES 2

AMAZING	Try to find your way through the maze created by the coco.
BALLOONS	Catch the balloons that the clown releases
BOBO	Do not let the ketsup fall. Cute game
CHESS	A very fast chess game against the computer in MI
DEMONSOR	An attractive two player capture game in hi res.
HOBBIT	Avoid the Orcs as you collect points
MOTOJUMP	A good graphic jump the busses with your motorcycle
RIDER	Control your off road vehicle on the rough terrain
RUBIC	Rubik's Cube simulation. Can you solve it?
SLOTS	Deposit your quarters and try to win.
VAPORWRM	You are the vapor worm in the caves of froth.
YAHTZEE	A fun yahtzee game for up to 9 players

T&D Software, 2490 Miles Standish Dr., Holland, MI. 49424 (616) 399-9648

T&D SOFTWARE

Public Domain Software

GAMES 3

BACKGAMN	A nice Backgammon program written in ML
BATTSHIP	Play battleship against the computer in this exciting game
BUGS	The battle between the bugs and the turtle.
GOLF	Play a nice round of golf. Nice graphics
GREMLIN	A nice graphic Machine Language Arcade game.
LANDER	Simulation of a lunar landing mission.
OREGON	A simulation of a trip over the Oregon trail in 1847
POKER	Just like the 25 cent poker machines in Vegas
PYTHON	Guide your Python through the maze and eat the mice.
ROBOTS	Try to avoid the Robot and collect the score points.
SPROCKS	Destroy all the Space rocks in this hi-res game
ZEROG	Fly your rocket and try to hit the objects.

GAMES 4

ABM	Protect your cities from the Anti Ballistic Missiles
CARTEL	A nice monopoly type game for your Coco
DOTS	A very nice connect the dot program for two players
HAWKS	A fun Machine Language Space Invader like game
LUNARLD	Try to land your spaceship and avoid the mountains
MATCH	A very attractive version of memory concentration
OTHELLO	A great game of Othello with two players.
PROTECT	Protect your cities from the falling stars
SAUCER	Try to hit the saucer with your laser
SHOOTEM	Try to shoot as many airplanes as you can.
SUBCHASE	Destroy the submarines before they destroy you
TREK	Locate and exterminate all Klingons within the quadrant

GAMES 5

BATLSHIP	Find the computer's five ships before he finds yours
BLACKJK	Play against the computer in the popular card game.
CHICKEN	Try to get the chicken to cross the road. Like frogger
HOW	The coco can read your mind and will show you HOW
LAZER	A great machine language Missile Command program
NAMES	Create a hide-a-word puzzle with names.
PEG	Jump the pegs with this graphic game
RACEWAY	Drive your choice of 4 race cars in the Grand Prix.
ROCKS	This asteroid type game involves shooting down obstacles
SQUASH	A different version of pong written in machine language
TAIPAN	In this game, you deal in opium, silk, and drinks
UTOPIAN	Rule a poverty stricken country of 500

GAMES 6

BOUNBABY	Rescue the bouncing baby dropped out of the window.
FLY	Swat flies with a flyswatter in this basic graphic game
Grid	Two players must travel across the grid in this ML game.
KINGS	Battle it out with the computer in this army game
MAZE	You must get out of the 3-d maze within the given time
NAVYGUNS	Sink the other ship by lobbing shells over land
POOLGAME	A nice two player graphic game of pool
SHIPSUB	Destroy the subs with your depth charges
SHUFFLE	Try to arrange the numbers in this puzzle game
SUNDANCE	Try to catch as many suns as you can.
TANKS	Aim your turret and shoot the other tank.
TEMPEST	This game is played like the arcade game TEMPEST

GAMES 7

BATSHIP	You command 2 aircraft carriers, 3 battleships plus more
CHESS	Play a nice game of chess against the computer opponent
CITY	Save the cities in this Missile Command type game
CONNECT4	Two players try to get 4 in a row in this game
F-16	Blast the enemy craft out of the sky
GO	Play the ancient Chinese board game
LIFE	Observe the changes in genetic laws in this game.
MAZELAND	A very nice arcade game similar to Pacman
PIZZA	Can you deliver the pizzas to the right people?
RUBIC	A nice Rubik cube simulation. Can you solve it?
STARTRE	Use your joystick to zap alien fighters
TREK	A nice Star Trek program with a twist.

Public Domain Software

T&D SOFTWARE

GAMES 8

BC	How many cave women can your caveman acquire?
CHUTE	Jump out of the plane and land on the target
FOOTBALL	Play football against the computer
GERM	Stop the germs from invading you in this ML game
HANGP	Input the word and your friend must guess it.
HURKLE	Try to find the Hurkle inside the grid
LEAKYTAP	Catch the falling water bombs with your drop catcher
LUNAR	Land your space craft on the 10 different space pads.
OTHELLO	Use your joysticks to play a nice game of Othello
POKER	Beat the computer in this popular card game
SLITHER	Gather points as you slither around in this game
SUBHUNT	Destroy the sub, but first you must find it

GAMES 9

3DTTT	Over 48 ways to win in this 3 dimensional tic-tac-toe
BATTLE	An excellent sub, ship, and plane battle ML game
CHICK	Collect the eggs in this graphic game. Coco1&2 only
CIVIL WAR	You decide the defenses in the recreations of the Civil war
FLIGHT	Dive, climb, and steer your plane in this flight simulator.
GO-FISH	Play against the computer in this card game
HOPBOP	Try to catch the runners in this multi level game
MAX	Play against the computer in this graphics game
MOUSMAZE	Find the cheeze in this maze/mouse game
PRIX	4 race tracks allow you to qualify for the big Grand Prix
STOCK	You are given $10,000 to play the stock market
UFOMAZE	Fly your UFO in the maze in this hi-res game

GAMES 10

BLOCKADE	Out maneuver your opponent in this ML game.
CAVE	Use your weapons to get out of the cave
FLY	Try to land your glider plane in this graphic game
